## FRANCE DENIES STATEMENT BY SENATOR HARDING

Did Not Ask Him To Get  
Up New League of  
Nations.

By the Associated Press  
WASHINGTON, Oct. 19.—Assurances have been given the state department by Count Debeaux, French charge here, that the French government has not given authority to anyone to approach Senator Harding with suggestions that the republican presidential nominee take the lead in forming a new world association.

Calling attention to an official denial issued by the French foreign office yesterday, the French charge told Under Secretary Davis that he was assured that the French government had delegated no spokesman to act for it in negotiating with Senator Harding, either "formally or informally, officially or unofficially."

The announcement of the visit of the French charge to the state department yesterday afternoon was made today by Mr. Davis.

Heavy Rains Over State

By the Associated Press  
OKLAHOMA CITY, Oct. 19.—Heavy to excessive rains fell over the south and central portions of Oklahoma during the twenty-four hours ending at 7 a. m. today, according to reports to the weather bureau here. The rain fell from heavy to moderate precipitation during the last twenty-four hours. The heaviest rain fell at Durant.

## LIGHTNING DAMAGES LOCAL POWER PLANT

The local plant of the Oklahoma Light and Power company was considerably damaged last evening about seven o'clock when a bolt of lightning struck the wires and caused several coils in one of the generators to burn out. The service was hurt only temporarily but the lights will not be as strong as usual until the damage is repaired.

Somewhere between \$100 and \$200 is estimated to be the amount of the damage done, but as the supplies for the repair work were on hand the work will not be delayed. The mechanics at work on the job stated that it would be some time tomorrow before the job could be finished but they thought the generator would be ready for use by tomorrow night. The patrons need not complain about the service today as it was an unpreventable accident and the company is not to blame.

Fault lines or weak places in the earth are well known to the geologists, according to G. P. Merrill, curator of the national museum, who explains that because of this knowledge a general prediction regarding the area of a disturbance can be made by the scientists. But, he adds, "no sane man" would attempt to say exactly where or when for a fault may extend for several hundred miles.

While He Lasted.  
"The secretary general of the league of nations gets \$50,000 a year."  
"Not bad."  
"And there are a number of other officials who draw from \$12,000 to \$30,000 a year."  
"Then the league of nations must be a going concern."  
"I don't know about that. I understand this fellow Ponzi paid good salaries."—Birmingham Age-Herald.

The Modern Way.  
"In the old days women used to wear their fingers off on the scrubbing board."  
"And now?"  
"Now they're doing the same thing on the ouija board."

Durant Democrat: The editor of the Ardmoreite grows rather naughty. Hear him: "The young lady across the way showed us a few evenings ago how they dance the newest fad in terpsichorean science. She said it was called 'tickle-toe.' Mebbysso, as Jackson Bamee might say, but when we were youngsters and more prone to go out and raise merry hell of an evening, they called it 'hoochie-cochie' and danced it in bare toes and a whole lot of other bareness."

Shirts were first generally worn in the west of Europe in the eighth century.

## STATE MAY BUY COAL MINES AS STRIKE REMEDY

By the Associated Press  
MUSKOGEE, Oct. 19.—Unless conditions change Governor Robertson will recommend to the next legislature that the state buy the coal producing mines within her borders, he said in an interview here today.

Speaking to a representative of a local afternoon paper, Governor, who is here attending the annual convention of the Odd Fellows and Rebekahs, declared that if conditions are changed he would urge the legislature to act in the interest of the public good.

Only by state action the governor said he believed, can the public be spared the suffering that grows out of disagreement between miners and operators.

"I am now preparing a statement on this important question," he said.

Mrs. Pankhurst's Daughter Arrested

By the Associated Press  
LONDON, Oct. 19.—Sylvia Pankhurst, daughter of Mrs. Emmeline Pankhurst, was arrested today charged with the publishing of seditious literature.

## ACTION TAKEN TO PREVENT MINE STRIKE

By the Associated Press

MUSKOGEE, Oct. 19.—Final action that is expected to prevent unauthorized or "vacation" strikes, due to alleged inequalities of wages, was taken at the special conference of the United Mine Workers of Oklahoma, Arkansas and Texas today with the adoption of a resolution recommending the district officials to "continue their efforts to adjust any inequality by mutual agreement, wherever and whenever possible, without causing any cessation of work."

The convention this afternoon adopted a resolution directing the district officials to begin at once a campaign of education to show the public that the coal miners are not the beneficiary of the high prices for which coal is selling.

The resolution declaring against unauthorized or "vacation" strikes, declares the report of the district president, John Wilkinson, made to the convention yesterday, "shows that our officials have used their best efforts to bring about a further advance (in wages) for our members working on a tonnage basis, and commends the district officials in their efforts to obtain an advance for the miners of the district."

## COX TALKS TO CROWD IN PAJAMAS

By the Associated Press

SPRINGFIELD, Mass., Oct. 19.—The entry of Governor Cox of Ohio into New England was marked by his appearance in pajamas before a crowd at the railway station in this city today. The candidate had not been expecting to speak here and was making leisure morning preparations in his private car intending to give his first address of the day at Worcester, 50 miles away, when he heard the call of the crowd that had gathered to see him. The governor hastily slipped on a long overcoat and still wearing his bath slippers, stepped to the rear platform. He smiled appreciation in response to the shouts of "Good morning, Governor." He spoke but five minutes and the train pulled out while he was talking.

## FARMERS LOSE BILLIONS FROM PRICE DECLINE

By the Associated Press

WASHINGTON, Oct. 19.—Shrinkage in the value of farm products so far this season will result in American farmers receiving two and a half billion dollars less than they would have received on the 1919 price basis, Secretary of Agriculture Meredith said today addressing the American Bankers' association in national convention. He classed the resulting situation as "one which demands the thought and sympathetic consideration of the bankers of America and in fact of all the people of the country."

Mr. Meredith estimated that the fall in corn prices had involved a billion dollar loss to producers, while the decrease in cotton prices amounted to a third of a billion dollars. The situation was made further hard for the farmers, he said, because the labor and materials necessary to crop production had been supplied during the high price period.

## INJUNCTIONS ISSUED TO RESTRAIN CITY FROM PAVING STREETS

In Spite of Fact That Protest Period Has Expired, Effort Is Being Made To Keep Ada In Country Village Class.

It appears that there are a limited few in this community who are determined to do their worst to keep Ada in the country village class. They do not want to see the streets of Ada paved, and so they have thrown a spoke into the wheel by having the mayor and city commissioners enjoined from going ahead with the paving. The injunctions were issued by J. W. Bolen, judge of the district court, yesterday in response to petitions filed by L. A. Braly and J. C. Beaver, both of whom circulated the petitions among a few property owners, asking that the court hold up the work until there is a decline in the present cost of paving.

Judge Bolen set the case for hearing November 1. In the meantime, the mayor and city commissioners are restrained from receiving bids or in any manner going ahead with the plans for paving those streets of this city which have not as yet been reached.

The city recently advertised for bids for paving the streets, payment for the pavement to be made by the property-holders in ten annual installments. In response to the advertisements, two big contractors from the east were here yesterday to bid on the work. When they learned that injunctions had been issued against proceeding further, both packed up and left.

"We do not want to buy a street," they are said to have declared.

Doubles City's Expense.

Considerable expense has been incurred by the city engineers, Benham and Johnson, in preparing plans for the work. If their work must be done all over again, this preliminary expense is just doubled, and it must be borne by the city.

The injunction was issued by the court notwithstanding the fact that the period has expired in which protests were to be filed against the paving ordinance. The mayor and city commissioners have followed every requirement of the law in adopting the ordinance calling for the issuance of bonds for the paving of the city's streets. When the present restraining order is dissolved and there is hardly any other reasonable procedure for the court, the city officials must again advertise for bids and incur additional expense in doing again what had already been done for going ahead with the paving.

Hampering Progress.

Apparently there are those who are willing to set back and be satisfied with things as they are, so long as they do not have to put out a cent or exert an ounce of energy. It does not seem right that these few should be permitted to stand in the way of the community's progress. To stand still means that the community will soon go to rot. Yet these few would stand in the way of our development.

The petitions asking for the injunctions intimate that the estimate of the cost of paving Ada's streets is excessive. As a matter of fact, the price fixed by the city engineers is much lower than that

paid by any other city for its paving. Were the prices elsewhere to drop 25 per cent, Ada's price would still be lower than the others. Building and paving materials are not going down in price. The demand for these by far exceeds the supply. The amount of building going on increases in volume each day, which means that there will be no let up in the demand for materials. And the price is not going to vary many cents.

The Mr. Braly who filed the petition yesterday is the same Mr. Braly who tried to throw a spoke in the wheel this spring to hold up the paving proposition. Many are wondering just why Mr. Braly should be so anxious to prevent the carrying out of the paving program.

Costs Not too High.

The Lions Club estimated charges that the estimated cost was too high when that charge was made during the spring, and the club found that such was not the case. They recommended that the work be pushed, pointing out that the local estimate was very reasonable. The work was delayed until now because the bond market was shot to pieces. It is now in a stable condition, and Ada's bonds will bring a good price. Just as we are about to realize the fruits of the city's efforts to put in paved streets, these men, regular "opposers," bob up and pull the other way.

It is rumored that there is a "nigger under the woodpile," and that a certain rock quarry near here which is not at present ready to fill an order for asphalt rock, is anxious to have the work delayed so that it may get the order. This quarry will not be ready for some two or three months, it seems.

In view of the fact that the matter has passed the protest period, such injunctions as that issued yesterday can only retard the work and add expense to the city.

Officials Going Through.

"We are going through with the paving," Mayor Gary Kitchens said this morning. "The city commissioners and I realize the importance of good streets, and we are going to exert every possible effort to get them. Money invested in the streets is reflected in the value of property. Paved streets are a community's biggest boon, and we do not propose to let a few stand in the way of getting what the majority want."

By the Associated Press

PITTSBURGH, Oct. 18.—The average daily wage of every person employed in Allegheny county, one of the country's greatest industrial centers, increased 70.2 percent in three years, according to James F. Woodward, state secretary of internal affairs. "The per capita daily wage for 1919 was \$5.08, while that of 1916 was \$2.85," Mr. Woodward said. He used the latter year for comparison because he said it was "fairly normal," whereas 1917 and 1918 were abnormal owing to the war.

Although production valuation

during the war years was greater than in 1919, Mr. Woodward's figures showed wages had increased steadily from 1916 to \$3.53 daily in 1917, and \$4.71 in 1918 to \$5.08 in 1919.

Production value in 1919 amounted to \$1,900,226,400 as compared with \$1,619,222,200 in 1916, an increase of 17.7 percent. In 1917 and 1918 production value reached well over the \$2,000,000,000 mark.

The per capita wealth of the country was \$2,580, or twelve times the average per capita wealth of the United States.

dent declared, "is a shifty politician, backed by the wets, despite his dry pronouncement, because the wets know he is their man."

"Samuel Gompers is supporting Governor Cox," he said, "in the hope of being able to continue the same authority he has enjoyed under the Wilson administration."

## Some of Ada's Paving History

In 1908 a movement was started by the city council to pave the business section of Main street, a resolution to this effect having been passed. Immediately property owners got busy with a protest petition and succeeded in getting a majority to sign it, the petitioners claiming that the assessment was excessive and that the property could not stand it.

Immediately after the Main street was protested out, a few boosters owning property on Twelfth street got busy and succeeded in getting a majority on that street to sign a petition asking for the pavement. After the contract had been awarded, or at least after the city council had taken steps to carry out the wishes of the petitioners, an injunction was asked for and the matter came up at Wewoka before the district judge, who promptly refused to grant the injunction, holding that a majority petition was sufficient authority for the council to proceed. Then after Twelfth street was paved the property owners on Main street, seeing that something had to be done, again got busy and as a result Main street was paved also.

Just a year or so ago the board of commissioners took the necessary steps to sewer the north part of the city, and were threatened with injunction proceedings. However, with the help of a number of wide-awake citizens, the project was put through, and that part of the city began to build and property to increase in value until now that is one of the most beautiful parts of Ada.

No matter how worthy the project, there are always some who are against it. Tightwads, they are, who are afraid to invest in their own town. And where, pray, can a better investment be found than one's own town?

If you have signed the petition which is hampering the paving of our streets, be big and broad enough to realize your mistake. Go and erase your name. Don't be a mossback.

## ADA PIONEER LAID TO REST PARLIAMENT TO SOLVE PROBLEMS

The Body of Otis B. Weaver  
Brought to This City  
for Burial.

Col. Otis B. Weaver, postmaster at Shawnee, who died at that place suddenly at noon Saturday, was laid to rest in Rosedale cemetery here this afternoon. The body was accompanied from Shawnee by a delegation of citizens, including members of the Elks lodge of that city, and was met at the station here by a large concourse of friends. The body was taken first to the residence of his old friend, R. E. Haynes, at No. 100 East Fifteenth street. From there the procession wended its way to Rosedale cemetery, where loving hands lowered the body to its last resting place.

Services were conducted at the grave by Rev. C. Stubblefield of Miami, assisted by Rev. C. C. Morris, local Baptist minister. The Elks held their farewell services over the body as it lay in the open grave.

The Shawnee Morning News says that several years ago Colonel Weaver's life was despaired of on account of chronic appendicitis. Surviving this attack, he later had to undergo several major operations, entailing more than one trip to Mayo's clinic, Rochester, Minn. While at times Colonel Weaver has appeared to regain his strength, it is known that his physicians have entertained little hope of any permanent rehabilitation of his health. Indeed, just during the last few days Colonel Weaver and one of his physicians were making plans to go to Johns Hopkins hospital at Baltimore for an examination at the hands of high medical authorities of that institution.

Been Factor in Upbuilding

For two decades Otis B. Weaver has been a factor in the upbuilding of Oklahoma," the Morning News says, "the last nine years of which time has been spent in Shawnee as publisher and postmaster. In 1911 Mr. Weaver purchased Shawnee's two daily papers, the Herald and the News, and consolidated them as the News-Herald. He continued as publisher of the paper until he sold the publication in 1919 to H. G. Spaulding, the present owner, who later changed the name of the paper to the Morning News. Colonel Weaver has continued to publish the Semi-Weekly Herald in Shawnee.

"In 1915 Colonel Weaver was appointed postmaster here, which position he held at the time of his death.

"Born at Mount Vernon, Texas, 43 years ago, Otis B. Weaver came to the then Indian Territory in 1897. Not long after locating at Pauls Valley the Spanish-American war broke out and he early volunteered for service, joining Roosevelt's Rough Riders. Soon after his discharge from the army he located in the new town of Ada.

All rumors of intervention by other unions in the controversy between the miners in the government has ceased for the present and the labor spokesmen declare no union or any combination of unions is likely to interfere without an invitation by the miners, which they say will not be given at the present.

No Sympathetic Strikes.

Another version of the government's possible course in such a contingency would be to challenge the judgment of the people, "whether the supremacy of parliament was to be overthrown and replaced by the ascendancy of one class of the community."

In the latter case the government, it was said, would appeal to the country with the declaration that the chase of wages after prices could not continue and that the demands of the miners had been resisted to protect the community.

And Keep Him So.

"Clothes do not make the man," remarked the ready made philosopher.

"No," replied the friend who was studying a tailor's bill. "They don't make him. They break him."—London Answers.

In the last six months 327 families settled in Jerusalem.

WEATHER

Tonight and Wednesday probably local rains; colder in the extreme northwest portion tonight and in the north and west portions Wednesday.

## GOVERNOR NAMES OCT. 24 LEAGUE OF NATIONS DAY

Asks All Men and Women  
In Oklahoma To Dedicate  
Themselves To Cause.

By the Associated Press

OKLAHOMA CITY, Oct. 18.—In a proclamation issued here today, Governor Robertson designated October 24 as "League of Nations Day," to be observed throughout the state.

The governor in his proclamation asked all men and women in the state, in whose hands is the keeping of the nation, to meet in their homes and other places and with a conscience void of partisan rancor "dedicate themselves to a right and righteous solution of the grave problem that confronts our beloved country."

The proclamation was issued at the request of the League of Nations Day committee, which recently petitioned the governors of all states of the union to set aside the day as "League of Nations Day" as a day in which "the people may read the covenant in their homes and other places and promote a better understanding of the League of Nations."

Stating that the nation "is now confronted with the most momentous issue ever presented for the dispassionate consideration of our people," Governor Robertson said the League of Nations Day committee was an organization of men "without political significance and absolutely of non-partisan and non-sectional character" and represented the "character, culture, intelligence, good taste and conscience of the nation."

PETITIONS MAY NOT BE  
VALID SAYS REPORT

By the Associated Press

OKLAHOMA CITY, Oct. 19.—Votes on five initiative and referendum petitions which are to be placed on ballots before electors of the state, November 2, may not be valid as a result of insufficient appropriation for printing arguments both for and against the measure, it was said by state officials today. Under the state law arguments of initiated or referred laws should be printed in two news papers in every county of the state, but many newspapers have refused to print the arguments because of the low rate set aside as payment for the printing of the arguments.

By the Associated Press

OKLAHOMA CITY, Oct. 19.—Contrary to expectations the "vacation" movement among Kansas miners did not increase today but decreased. Two mines were reported idle yesterday and only one idle today.

Cox Flays Harding's Statement.

By the Associated Press

NASHUA, N. H., Oct. 19.—Senator Harding's statement regarding alleged French overtures toward a new association of nations was hailed by Governor Cox in speaking through New England today, as a "blunder" and an attempt to deceive the American people.

Harding to Finish in Ohio.

By the Associated Press

MARION, Oct. 19.—Senator Harding will wind up his campaign next week with a four days' speaking trip in Ohio, during which he will make night addresses in Cleveland, Akron, Cincinnati and Columbus.

Await Word From Wilson.

By the Associated Press

PARIS, Oct. 19.—The French foreign office stated shortly after noon today that it had not as yet received any demand from Washington for information regarding the subject referred to by President Wilson in his letter to Senator Harding, telegraphed to the press of France from the United States.

The only statement authorized by the foreign office, in this connection up to this time, is that no official communication of any nature had been made by the French government regarding a substitute for the league of nations.

"A striker may not be in the right?"

"Yes?"

"And still be in the riot."

# SMOKERS COULD PAY U.S. DEBTS

And It Would Take Only  
Five Years if They  
Would Swear Off.

WASHINGTON.—American will spend close to \$5,000,000,000 for cigars, cigarettes, chewing tobacco and snuff this year. If they would all swear off for five years, and put the money saved in one big jackpot, they could pay off the national debt.

The money that goes up in tobacco smoke is four times as much per annum as the interest on the \$25,000,000,000 the nation owes.

In fact, Uncle Sam collected in revenue from this traffic for the year ending June 30 approximately \$300,000,000, about one fifth of the national debt.

Cigarettes Going Strong.

The nation's smoke bill is \$50 for each man, woman and child.

I have just compiled figures that show that this year the per capita consumption of cigars will be 600 and cigars, 80, saying nothing about the tobacco chewed and snuff dipped.

In 1910 America consumed eight billion cigars and 28 million cigarettes. In 1920 they will have smoked about the same number of cigars but the cigarettes increased to 60 billion, an increase of close to 3,000 per cent.

Figures show that in England consumption of tobacco fell of two million pounds in May, 1920, against May, 1919, probably due to inability to buy. But in the United States consumption has materially increased, but not in the proportion indicated by the use of cigarettes.

The following figures show the amount of tobacco withdrawn from for which the government stamps were sold, which means the amount of tobacco consumed:

1916	465,000,000
1917	476,000,000
1918	452,000,000
1919	423,000,000
1920 (Estimated)	475,000,000

The drop in 1918 and 19 was due to the boys being in Europe. Exports increased.

Revenue Jumps.

The revenue received by Uncle Sam was: 1917, \$102,000,000; 1918, \$119,000,000; 1919, \$149,000,000; 1920, \$190,000,000, with no further increases in the rate, approximately \$300,000,000.

The production of leaf tobacco in America approaches one and one-half billions of pounds. There is considerable shrinkage by the time it becomes the manufactured product. About 6 percent of it is consumed and the other 40 percent exported.

Enormous profits are being made in tobacco by a half dozen big manufacturers who practically control the business. The 1919 crop was 1,389,458,000 pounds. These concerns bought it from the farmers for an average of 45 cents a pound, or approximately \$625,000,000. They sold about 60 percent of it to the American people for between 4 and 5 billions of dollars and exported the other 40 percent.

Plan Bonded Warehouses.

It is said there is little prospect that the price of manufactured tobacco will come down soon, although there has been a big drop in the prices paid to farmers who grow it. The first evidence of this is in North Carolina, where the prices dropped from 30 to 45 percent, and the state is now investigating the cause of the decline.

The bureau of markets, agricultural department, will soon issue regulations for bonded warehouses where farmers may store their tobacco to hold it for better prices. It can then be financed like cotton and grain.

## THE TOWN GOSSIP

AFTER WE'D attended.  
TO RENEWING his subscription.  
HE TOOK a seat.  
AND LOOKED for a place.  
TO SPIT.  
AND COULDN'T find it.  
SO HE spat on the floor.  
AND HE said:  
"WHO IS this guy, MacSwiney."  
"WHOSE NAME."  
"HAS BEEN in the papers."  
"FOR THE past six weeks?"  
AND I told him.  
THAT He was an Irishman.

FOR A principle.  
AND TRIED to explain.  
WHAT THE principal was.  
ALTHOUGH I wasn't.  
QUITE SURE.  
WHETHER I knew myself.  
AND HE said.  
"WON'T THEY give him."  
"ANYTHING TO eat?"  
AND I told him.  
THAT OF course they would.  
BUT HE wouldn't eat it.  
AND HE looked around.  
FOR ANOTHER place to spit.  
AND COULDN'T find it.  
SO HE spit on the wall.  
I THANK you.

AND HE said:  
"DO YOU mean to tell me."  
"THAT THEY'VE been putting."  
"SOMETHING TO eat."  
"IN FRONT of him."  
"FOR THE past fifty-odd days."  
"AND HE won't touch it?"  
AND I told him.  
THAT THAT was right.  
AND AFTER a minute or two.  
HE SPOKE again.  
"THERE'S THAT guy."  
"HAVING PEOPLE feed him."  
"AND HE won't take it."  
"AND HERE we are."  
"WORKING LIKE the devil."  
"TO MAKE things meet."  
"AND TO keep from starving."  
"THE SON-of-a-gun."  
"I HOPE he chokes."  
"OR SOMETHING hits him."  
"ON THE head."  
"WITH AN ax."  
"BECAUSE HE ain't got."  
"NO SENSE."  
AND HE looked around.  
FOR ANOTHER place to spit.  
BUT COULDN'T find it.  
SO HE spit on the wall again.  
I THANK you.

## 'WORK OR GET OUT,' GALVESTON VAGS ARE TOLD

By the Associated Press  
GALVESTON, Texas, Oct. 19.—"Work or get out," the first order of Capt. J. B. ("Smiling Joe") Brooks, commanding Texas rangers and supervising the activities of the city police department, upon the withdrawal of national guardsmen under Brig. Gen. Jacob F. Wolters, has brought consternation to idlers and vagrants.

To indicate the dispatch with which "Smiling Joe's" orders are being carried out, a Mexican loiterer was arrested, haled into court, tried, sentenced and confined to the city jail within the space of 35 minutes.

The "work or get out" order has stopped the picketing of several industrial plants. Evidently desirous of testing the new regulation, several strikers who had been brought before Captain Brooks on charges of vagrancy, asked what the order meant.

"Just what it says," the ranger captain replied, "and it takes in everybody."

## NEGRO IN ARKANSAS RACE FOR GOVERNOR

LITTLE ROCK, Ark.—T. J. Terrell, secretary of state, tonight announced that the name of J. H. Blount, negro, of Forest City, would appear on the ballot in the November general election as a candidate for governor.

His announcement followed a conference today at which he and State Attorney General Arbutklee heard arguments of representatives of both the regular republican organization of the state and the negroes who bolted the republican state convention last spring.

At the conclusion the attorney general expressed the opinion that Blount was entitled to make the race as an independent and Secretary Terrell announced he would certify Blount's name provided the certification was in regular form.

The ancient's slept on skins, first beds being merely piles of rushes, heather or straw.

## FAMOUS BATTLESHIP TO FIND ITS GRAVE

PHILADELPHIA, Oct. 18.—The battleship Massachusetts, which fought the battle of Santiago in 1898, will be towed from Philadelphia Navy yard to Pensacola, Fla., to serve as a target in a trial of the nation's cost defense artillery against an armored warship, it is announced.

The old warship's armor plate is eighteen inches thick. Her protection nearly equals that of present-day warships. The ship will be anchored off shore at a range of three miles from the bombarding battery.

Smart.  
"The gentleman who came to see papa while you were away said I was the smartest child they have ever known and each gave me a quarter."

"Oh, that pleases mother very much. You recited for them all the nice pieces you know?"

"No, I said I knew a lot of pieces, and then I didn't recite any."—Pittsburgh Dispatch.

# Bill got the point too quickly

BILL PROBABLY read up.  
IN THE kid's school-book.  
ANYHOW HE gave me all.  
THE LATEST news on bees.  
HOW THEY fit around.  
AVOIDING THE skunk cabbage.  
AND ONLY picking on.  
THE QUALITY flowers.  
WHERE THE nectar grows.  
BRING HOME the bacon.  
TURN IT into honey.  
AND SEAL it up with wax.  
TO PRESERVE it for.  
A LIGHT snack later on.  
AND BILL says.  
"AIN'T NATURE wonderful."  
AND I say, "Yeh.  
BUT JUST buzz in.  
TO GRAB some honey.  
FROM THE bees, and see.  
WHAT HAPPENS." Bill admits.  
BEES HAVE their mean points.  
SO THEN I pull.  
THE GOOD old package.  
WITH THE four-ply wrapper.  
INCLUDING GLASSINE paper.  
ALMOST LIKE beeswax.  
THAT SEALS in the flavor.  
OF THOSE wonderful tobaccos.  
AND BILL helps himself.  
FREELY AND says, "Quite so.  
NOBODY EVER gets stung.  
ON "SATISFY" cigarettes."

OPEN your Chesterfield package at the top only. Don't tear off that glassine wrapper. It's put there to keep those wonderful tobaccos always firm and fresh, in exactly the right condition for smoking. Another reason why Chesterfields always satisfy.

They Satisfy

## Would Divert Immigrant Tide From Cities To Country

By the Associated Press

NEW YORK, Oct. 19.—Requests from all parts of the United States that the great westward tide of immigrants be diverted from the rapidly growing cities to rural districts to populate abandoned farms have led Commissioner of Immigration Wallis to reply that immigration authorities lack this power. Immigrants, he said, plan their destination before leaving their home countries.

Delegations from different states have called at Ellis Island to urge that steps be taken to prevent immigrants from going to certain cities.

Representatives of the chamber of commerce of Detroit, which new census figures advanced from the ninth to the fourth largest city in the country, asked that immigrants be sent to northern Michigan. Present labor conditions in Detroit are not such as to warrant an influx of foreign labor, they declared, as many Maltese, barred from entering Canada by a recent order, have located in Detroit.

A Louisiana delegation visited the immigrant station in an endeavor to induce immigrants to unoccupied farms in that state.

Commissioner Wallis has conferred with railroad agents with a view of speeding the westward departure of immigrants to alleviate crowded conditions at the island.

Ease the pain of a rheumatic attack by a rubbing application of Ballard's Snow Liniment. It relieves tenderness and strengthens the joints. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Hensler & Story.

### OPENING OF DUCK SEASON LURES HUNTERS TO WILDS

OKLAHOMA CITY, Oct. 19.—Duck was on the menu for many Sunday dinners in Oklahoma yesterday. The open season began Saturday.

The official opinion of the matter as expressed by Ben Watt, the fish and game warden, was that the weather was too warm for "real" duck hunting. Cold and rain must come to entice the mallards to Oklahoma, he said, although many teal and other small ducks were on the lakes and streams to reward hunters today. Ducks will be more plentiful this year, Mr. Watt said, than at any time in recent years.

Despite the weather, unofficial reports had it that the sound of the shotgun was heard throughout the state. The death toll was not known.

State laws limit duck shooting to 15 a day for each hunter and 100 for the season, which will close January 31. The bag limit on geese and brandt is 10 a day.

A clear colorless liquid that will heal wounds, cuts, sores and galls is the latest and best production of medical science. Ask for Liquid Borozone, it is a marvel in flesh-healing remedies. Price, 30c, 60c and \$1.20. Sold by Hensler & Story.

### USE "GIFT OF GAB" TO DECIDE STRIKE

NEW YORK.—A unique suggestion for settlement of a labor controversy was offered today when the strike committee of the van teamsters' union local No. 373, challenged the van owners' association to debate the issues of the teamsters' strike, which started last week in Madison Square Garden.

The teamsters suggested that two-thirds of the garden be allotted equally to friends of the contending parties and the remaining third be thrown open to the public.

## JAPAN TO ASK RACE EQUALITY FROM AMERICA

WASHINGTON.—The Japanese government has broadened the issue arising over the proposed exclusion of her nationals from owning land in California, it was learned from official sources today. She will now insist that the United States formally recognize the equity of her citizens with those of any other nation. Such recognition would take the form of an official declaration similar to the one proposed at the Versailles conference and withdrawn by Japan.

On that occasion two great Japanese demands were before the conference. Japan insisted first upon a statement recognizing the equality of her race; second that Shantung with its vast resources in minerals, its great German developments and its 40,000,000 of people be given to her.

The council compromised by giving Shantung. Now she demands that the United States alone give her the far more desirable concession which the council of nations, acting upon a plea from Australia, expressly denied.

It is recognized by both Japan and the United States, it was pointed out in official circles today, that nothing whatsoever can be done to prevent the citizens of California from enacting the proposed Japanese land exclusion law. Such an act, Japan maintains, is

an unjust discrimination aimed at her nationals alone.

Japan, therefore, waives all discussion of the land act at this time, but proposes to hold the United States responsible for any act against her citizens as Japanese, anywhere on American soil.

The final issue will come, it was pointed out today, with the first act under the California law. Formal demand of satisfaction will then be made.

Already the Japanese mind is being prepared for this occasion. Mass meetings are being addressed by noted statesmen in various parts of the empire. Those in the audience who cry for war are being promptly suppressed, but the substance of cries is promptly reported over the cable to America.

In all malarial countries the popular remedy is Herbine. People find it a good medicine for purifying the system and warding off the disease. Price, 60c. Sold by Hensler & Story.

Only female mosquitoes bite.

## Local Coca Cola Bottling Company Enlarging Building

The Ada Coca Cola Bottling company is constructing a seventy-foot beik addition to their building, extending the floor room to the alley and doubling the present floor space. The new addition will be used as a store room and a big

double door is being made to permit the trucks to enter the building. The old floor will be taken up and a concrete floor will be put in. Many other improvements will be made, putting the building into first class shape. It is expected that next year the company will be able to double their capacity and several new machines are to be installed. Work is being pushed as fast as the weather will permit and the management hopes to have it ready for use in the near future.

### GREETINGS, PETE!

Here I am tonight in Winston-Salem where more tobacco is manufactured than in any other place on the face of the earth!

When I knocked off for the day, I buzzed around like a hungry bee in a buckwheat field—up and down long streets of R. J. Reynolds Tobacco Co. factories!

As the Reynolds enterprise proved out more and more gigantic and I talked with more men about it, I got the real and true answer as to why Camels are so good and so entirely different from any other cigarette! I'll spin it for you, old top—listen:

Every man I talked with made the one big point that the officials and the more than 350 Reynolds foremen have an inborn knowledge of the tobacco business; that (putting it into a North Carolina expression) they were virtually "born and raised in a tobacco patch"; that they know tobacco; how to grade it, blend it, and how to manufacture and sell it!

And, what's most important of all, Pete, these Reynolds folks sure give men what they want—the best that can be produced! Why—Peter, it took months to perfect Camels Turkish and Domestic blend—and that refreshing flavor—and wonderful mild, mellow body!

Tomorrow, I'm going to meet some of the Reynolds folks. Got to see inside of those factories!

And, you know me!

## THE TOLL OF RECKLESSNESS

Again toll has been taken for recklessness. Again the foolhardiness of flirting with death and danger by speeding is forcibly brought home to automobilists.

A girl, just blossoming into young womanhood, lies at death's door, her right thigh crushed and mangled. Even if she recovers, she may have to hobble about on crutches the rest of her days. Another young girl has been severely wounded, and a boy is suffering agonies with a broken leg.

And why? Because the driver of the car in which they were riding took a sporting chance and lost. Because he forgot that the lives of all six young people in the car hung on a slender thread as he "stepped on the accelerator and gave the big car all she could take." The lives of pedestrians were in jeopardy, and the lives of those in the car ahead which he was trying to pass were endangered, but he thought only of outdoing the other fellow. He would show him what the big car could do. The engine roared as it drank up the gas, and the machine leaped forward, climbing hills and shooting around curves in the road as it raced madly ahead.

A sudden twist and the steering gear was out of order. Then the crash! A cry of pain and anguish brought the terrible realization of what had happened and the poignant thought that it could have been avoided. But it is too late to take heed. No amount of repentance can undo what has been done. The devil must have his toll.

The reckless driver is a menace to public safety. Our public roads are the main arteries of our commerce. Daily they must be traveled by those who make up our citizenship. He who would place life and limb of others in jeopardy by abusing his privilege of using our public roads is criminal, as criminal as the man who takes a gun and slays.

## SECURE THE PUBLIC WELFARE

A law should be enacted by states and nation that would protect both capital and labor, and especially the great outside producing and consuming public. on the plan that banks public service corporations and insurance companies now make public reports of capitalization, earnings and operating expenses, profits and dividends require all big business to file annual reports.

All large employers of labor and all industries and business enterprises should take the public into their confidence to that extent to their own benefit and protection and to remove causes of distrust and criticism.

Then when organized or unorganized labor makes demands, or has grievances the same law, based on the public reports of the employers, should provide an impartial tribunal.

The Kansas industrial court is a big step in this direction and one that other states can follow to advantage of capital and labor, and, what is still better, for the protection of the great third party in the conflict—that outside public.

## MORE OPTIMISTIC THAN IN SIX YEARS

"I am more optimistic in regard to the future of this country than I have been at any time before during the last six years," said Elbert H. Gary, chairman of the United States Steel Corporation.

"From my viewpoint I think business conditions may be considered satisfactory. In some respects I think there has been a lack of prudence in business management since the armistice of 1918. I refer especially to prices.

"There seems to have been a disposition on the part of large numbers to ask and accept the largest prices which could be obtained. Consequently, there has been added to the going prices, the amount which the produced has been obliged to pay, with profit on the whole."

## THE SPIRIT OF AMERICA

Lincoln knew. The expressions which fell from his lips long ago are living and everlasting inspiration to the spirit of America and to all mankind. Read and read again these words spoken to the Workmen's Association in 1864.

"Property is the fruit of labor; property is desirable; is a positive good in the world. That some should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is houseless pull down the house of another, but let him work diligently and build one for himself, thus, by example, assuring that his own shall be safe from violence when built."

Any captain who puts his hand upon the tiller of our country must be guided by that kind of truth.

Restaurants which are increasing their charges notwithstanding the drop in wholesale prices and the "carry your lunch" movement are exhibiting a "nerve" which they may regret.

If the average American is as fond of work as he is of play our industrial future is secure. War tax receipts show that this country's expenditure on amusements is about \$400,000,000 a month.

## Kitchen Helps

### Corn Chowder

1 can corn or two cups fresh corn. 1 quart potato cubes (par-boiled). 1 table spoon chopped fat pork. 3 table spoons butter. Salt and pepper. 1 quart of scalded milk.

Put the corn through a food chopper, fry the onion and the pork a light brown, strain the fat in a stew pan, add the corn, potato cubes, the milk, seasoning and butter. Thicken with a little flour and pour over split crackers.

### Potato Chowder

6 medium-sized potatoes, sliced. 1-4 pound salt pork, cut into dice. 1 table spoon chopped onion. 1 table spoon butter. 1 table spoon flour. 1 pint water. 1 pint milk. 1 table spoon salt.

Fry the pork and onions together until both are a delicate brown. Put a layer of the sliced potatoes into saucepan.

Shells for Tarts.—3 cups wheat flour, 1-2 cup butter, 1-2 cup lard, 1 table spoon soda, white of 1 egg beaten to 3 froth, 1 table spoon granulated sugar, 1-2 cup cold water. Rub the butter and lard into the flour with the fingers. Mix the cream of tartar with the sugar and stir in, add the egg white stiffly beaten, then the soda dissolved in the water. Roll out lightly and bake in individual shells over inverted cup-cake tins. Fill with sweetened stewed peaches.

Ginger Cookies.—Put into mixing bowl 1 cup molasses, 1 cup sugar and 1 heaping cup of lard, beef drippings or pork drippings (not butter) which has been slightly melted; mix well, then add 1 unbeaten egg, 1 table spoon ginger, 1 table spoon cinnamon, 1 table spoon soda dissolved in 1-2 cup hot water and flour enough to roll. Roll thin, cut out with cookie cutter, and bake for about 8 minutes in a good oven. (If a round cutter three inches in diameter is used, this recipe will make about 45 cookies.)

Farina Pudding.—5 table spoons farina, 3 table spoons sugar, 1 egg, 2 cups milk and the grated rind of 1-2 lemon. Put the milk and the grated rind into the upper part of a double boiler and when it reaches the boiling point stir in the farina and cook five minutes. Then turn onto the egg yolk beaten light and stir well together. Let the mixture cool but not set; then fold in the stiffly-beaten egg-white, to which a pinch of salt has been added. Place in a baking dish and place the dish in a pan half filled with hot water. Bake for 25 minutes in a moderate oven and serve. (Two eggs will of course make this pudding more delicious, but for use as a luncheon main dish, one egg is sufficient.)

### Baking Powder Biscuits

Two cups flour.  
Four table spoons baking powder.  
Three-fourths table spoon salt.  
Two table spoons shortening.  
About three-fourths cup milk.  
Mix and sift dry ingredients. Rub in the shortening with the tips of the fingers, or chop in with a knife. Add milk gradually to make a soft dough. Use spoon for mixing. Toss on a well-floured board. Pat and roll out to one inch thickness. Cut with a biscuit cutter dipped in flour. Place close together on a greased pan.

The sloe is thought to be the original of all the European species of the plum.

## When a Woman is Nervous—Worried

The lives of most women are full of worry. Men's troubles are bad enough, but women's are worse. Worry makes women sick. It pulls them down, and in their weakened condition they are subject to pains, aches, weakness, back-aches, headaches and dizzy spells.

Most women neglect their health, and for this they pay the penalty. Any woman will find that neglect does not pay. A little more attention to health would brighten up her life. If she asks her neighbors she finds that Dr. Pierce's Favorite Prescription benefits a woman's whole system. It not only acts upon the troubles and weaknesses peculiar to women, but is an all-round tonic that braces the entire body, overcoming nervousness, sleeplessness, headaches, dizziness and a run-down condition.

SAN ANTONIO, TEXAS.—"For about three years I have been in a run-down condition. I would be so weak at times I could scarcely get around. I was extremely nervous, could not sleep and I was in a miserable state when I was advised to try Dr. Pierce's Favorite Prescription. I have not taken all of one bottle but am feeling better than I have for a long time. I am going to continue its use for I know it is helping me more than any medicine I have taken."—MRS. H. T. KNIPPA, 913 Burleson St.

## Linscheid Praised For Short Course In Agriculture

According to a letter received by President Adolph Linscheid of the East Central normal here, the course in vitalized agriculture recently conducted at this school proved to be the most successful in the state. The letter is from Dr. P. G. Bolden, who conducted the course for the International Harvester company, given under direction of the state board of education.

"I have just received letters from Mr. E. A. Duke and the Honorable R. H. Wilson," says Dr. Bolden in his letter, which is dated at Chicago, October 15, "expressing the kindest appreciation of the whole-hearted way in which yourself and the normal school put on the short course at Ada. Mr. Wilson says in his letter that the Ada short course was the best one that has ever been put on in their experience and that Mr. Linscheid, is saying a great deal for we have had some wonderful short course schools in Oklahoma and elsewhere."

"Mr. Ryan and the other members of our party all come back singing the praise of Ada and paying you great tribute for the way you managed things. I believe, Mr. Linscheid, that you are the man to organize this work in a way to make it carry on to all the normal schools in the United States. A little later when you have had time to see how the work carried on in the rural schools, I hope that you will write an article for the Normal Instructor and for some of the other educational magazines telling of the work that Ada is undertaking and how it is working. "I want to thank you personally and on behalf of the company for the fine spirit of co-operation which was shown by yourself and your people. Our purpose is simply to help start something that must go on through the ages for the betterment of education. You certainly have two most remarkable men in Mr. Norris and Mr. Pratt. Mr. Duke and Mr. Smith of the state department of education are two marvelous men. There are no better in the United States that I have been my pleasure to meet and I have been considerably over the United States and worked for a great many people."

**THE Model CLOTHIERS. QUALITY SHOP**

## State Press Comment

Tulsa Tribune: To get something for nothing is one of the most foolish aims of the human race. People who would not think of stealing or cheating for immediate personal material gain, and who realize that in all the normal affairs of daily life everything must be paid for according to its value either in time or money or labor or thought, still seem to possess a childlike faith in the miraculous when it comes to investments.

Indian Journal: An enthusiastic republican club has been organized among the negro women of Oklahoma City. At a meeting of the club last week one of the squadrons told them that they had nothing to fear from the democratic women in the election, that most of the women who are democrats live in the southern counties of the state, and are "a lot of snuff-dipping, illiterates, too ignorant and lazy to register and vote."

Miss Effie Hodges of Hickory visited relatives and friends in Ada yesterday and today.

Miss Ruby left yesterday evening for Konawa where she will spend a few days visiting relatives.

Willie Poindexter of Connerville is here this week visiting his brother, J. H. Poindexter and his sister Mrs. Mary Stewart.

Miss Rosa Poindexter, Mrs. Lillie Norman and daughter, Sybil, of Connerville, are visiting the families of Mr. Jim Lowry and Mrs. Mary Stewart.

## Church News

No Prayer Meeting at First Baptist

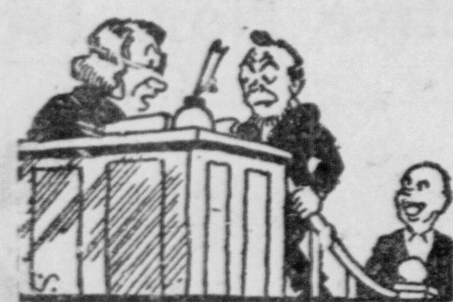

There will be no prayer meeting at the First Baptist Wednesday evening on account of the ordination service at the North Ada Baptist church.

Brother Young will be ordained to the full work of the Gospel ministry at that church at 7:30 Wednesday evening and they have called Brother Morris and a number of the deacons of the First Baptist church in conference with them.

Rev. E. A. Hardee, pastor of the church at Francis, will preach the ordination sermon, and the charge will be delivered by one of the brethren, also the presentation of the Scriptures.

The public in general is cordially invited and all the members of the First Baptist church as well as the North Ada church, are urged to be present.

The service will be held at the church building instead of the tabernacle.

## Court House News

Marriage Licenses.  
Paul Miller, 23, Citra and Edna Black, 19, Citra.

Couldn't Make Bond.  
C. E. Rowlet was arraigned before Judge Brown this morning to make bond. His bond was set at \$4,000 and as he was unable to make it was committed to jail. The date for his trial is set for the 29th of October, and the charges against him are assault to kill and maiming. He is the man who drove the Hudson to its destruction last Sunday and much interest is being shown in the possibility of his conviction.

Files For Divorce.  
Fleeta Eubanks has filed suit for divorce from her husband C. W. Eubanks. In her petition she alleges that they were married on the 11th day of April, 1916 at Connerville, Oklahoma, and have ever since been husband and wife. She further alleges that sometime in 1920 they separated and had lived apart since and that the cause for this separation is because of his incompetence. She also alleges that he failed to support her since their separation and that she could not live happily with him although she had done everything in her power to make married life enjoyable. Therefore she wants a divorce and the restoration of her maiden name, Fleeta Boatright, and whatever relief the court decides she is entitled to.

## Obituary

Mrs. Lizzie Driver died this morning at her home two miles east of Ada. She was 54 years of age and has lived some time near Ada. The funeral services will be held at the cemetery and the remains will be laid to rest in the Rosedale cemetery. Rev. T. V. Taylor of the Nazarene church will hold the service this afternoon at 4 o'clock.

George Lindstrom, son-in-law of Mrs. W. L. Roddie of this city, died in Alexander, La., this morning at 2 o'clock. The remains will be sent to Ada tomorrow evening. The burial will take place in the Rosedale cemetery. He leaves a wife and two children.

A Terrible Feeling.  
"Henry," said Mrs. Style, "I must have a new motor car."  
"Good heavens, woman!" exclaimed Mr. Style. "What's the matter with the car I bought you six months ago? Didn't you choose the upholstery yourself? And didn't you have every contrivance you could think of put into it, but which you added nearly \$800 to the original price?"  
"Oh, yes, Henry! But I've been about quite a lot in that car. All my friends and acquaintances have seen me in it repeatedly and it no longer attracts attention when I go for a run. Dear me! When I'm in that car I'm beginning to feel as if I were wearing a last year's dress."

Gross Ignorance.  
A Pittsburgh lawyer was conducting a case in court not long ago and one of the witnesses, a burly negro, confessed that at the time of his arrest he was engaged in a crap game. Immediately the lawyer said, "Now, sir, I want you to tell the jury just how you deal craps."

"Wass dat?" asked the witness rolling his eyes.  
"Address the puffy, sir," thundered the lawyer "and tell them just how you deal craps."

"Lemme outen beah!" cried the witness, uneasily. "Fust thing I know this beaman gwine to ask me how to drink a sandwich."

Taking Things Easy.  
"Not going to your summer cottage this year?"  
"No. Decided to stay at home and see how many of your friends would make week-end visits to us here."

Charlie Martin is suffering from an injury received when he fell from a wagon last Saturday. His hip struck the pavement and was bruised up considerably.

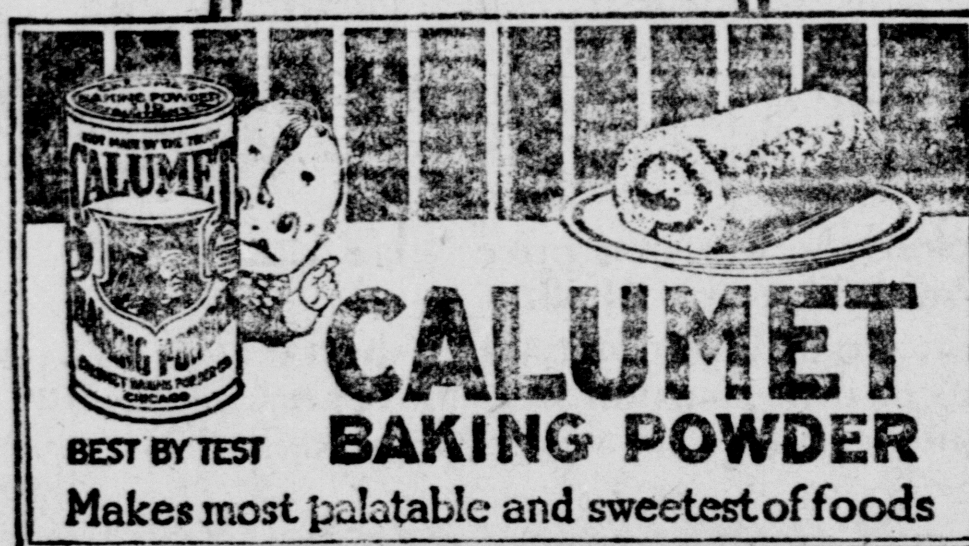

A large crowd of Ada citizens gathered at the Katy station this morning for the purpose of meeting the remains of Otis B. Weaver. The train was delayed several hours, however, because of a freight wreck.

Marvin Brown, editor of the News, was able to leave the hospital today. He has been suffering several days from a severe abscess in his left jaw and is now beginning to recover.

Reports from the hospital state that everybody is getting along as well as could be expected. The three persons who were injured in the auto accident Sunday are recovering and present conditions indicate a speedy recovery if no complications set in.

AFTER a baking falls—  
A becomes tough or soggy,  
you can't make it tender and  
tempting. It can't be "fixed."  
It is like spilled milk—  
"wasted."

But, there is a way to prevent this waste—every woman should use it because a bake day loss these days is a real loss.  
Calumet Baking Powder positively prevents failure. It has been doing it for millions of housewives for a third of a century.

The biggest selling Baking Powder in the world. Produced in the largest, most modern, sanitary Baking Powder Factories. Possesses only such ingredients as have been officially approved by U. S. Food Authorities. Most economical in cost and use. You save when you buy it. You save when you use it. Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Jelly Roll Recipe  
—3 eggs beaten separately, 1 cup sugar, 1 1/2 cups pastry flour, 2 level teaspoons Calumet Baking Powder, 1/2 cup warm water—flavor. Then mix in the regular way.

## "UP IN MARY'S ATTIC"

See this clever, rollicking comedy drama in six acts! It's great human appeal, its hearty laughs, its thrilling moments will not soon be forgotten! Don't miss it! There's a treat in store for you—"Up in Mary's Attic!"

COMING WEDNESDAY

Constance Binney in "39 East"

## GO TO THEATRE

McSwain Theater.

"Cheer Up Mabel" one of the most pretentious musical comedy offerings of the season will be shown at the McSwain theater tonight. For those who enjoy good singing and dancing it is promised that "Cheer Up Mabel" will not be disappointing. The program offered by George E. Wintz the producer offers extravaganza, opera, vaudeville, travesty and fashion. The costuming, mechanical and electrical effects are described as elaborate and beautiful. A company of thirty-five singers, dancers, comedians and a chorus of blonde, brunette and titan haired beauties are carried. One of the features of the performance is the "Jeweled Lullaminal Runway" which gives the audience a look at the bewitchingly charming chorus trip and dance. Nyrta Brown's costumes include a \$5,000 solid redstone gold cloth french lealtarde.

American.

Those hungering for a picture play that will tie all of their emotions in a deep knot and captivate them with its unbounded humor should see "Up in Mary's Attic" at the American theater, where it began a two days run last night. The opening title announces this picture as a Fine Arts production. It is a six-reel comedy directed by W. H. Watson and features Eva Novak, Harry Gribbon and a galaxy of beautiful girls.

"Up in Mary's Attic" is an excellent comedy free from cheap trickery and slapstick. There are no exaggerated situations, aimed to directly to amuse the spectator. On the contrary it depends for its humor on its wholesome idea and spontaneity. In other words here is a picture which has a story, told with a dash of pep and humor.

## DO NOT HESITATE TO TURN TO THE WANT AD PAGE

If you are interested in real estate or farm lands. Every day there appears listed there choice HOMES and FARMS for those who wish to BUY.

Local real estate dealers list their bargains in the Ada Evening News. Have you a piece of property for sale? USE THE WANT AD WAY.

The Want Ad Department will be glad to serve you.

Eva Novak and Harry Gribbon in the leading roles play with plenty of spirit. Miss Novak makes a most appealing boarding school girl, and her efforts to hide her baby and the fact that she is married to the athletic instructor are rich with humorous possibilities. Mr. Gribbon needs no introduction to the habitual movie-goer. He is acknowledged to be one of the cleverest comedians of the day. No actor on the screen has more pantomimic ability. A gesture, a wink of the eye, and he has his audience laughing.

There are all the elements in this picture which go to make up good entertainment. Your money will be well spent if you choose to see it.

Kendall Boys Pleased With Ada.

Byron Norrell, who was down from Tulsa today to attend the funeral of Otis B. Weaver, was a caller at the News office this morning. He stated that the Kendall college football team was delighted with the cordial treatment they met on every hand while here Saturday and all speak in highest terms of the Ada normal and citizenship of Ada in general. They also complimented the normal football team highly on the plucky game it played and the spirit of true sport displayed.

## FRANCE TO GIVE ARMENIA PROTECTION

By the Associated Press  
NEW YORK, Oct. 19.—French military authorities in Cilicia, Turkey, have informed officials of the Armenian National Union that France is going to occupy the entire region to the full extent of her mandate and that Armenians will be afforded complete protection, according to advices reaching Near East relief headquarters here from agents in Aleppo, Syria.  
Both Urfa and Mardin, now lying well within admittedly Turkish nationalist territory, are to be occupied, these advices state. Urfa was the scene of a massacre by Turkish nationalists of French forces garrisoning the city last spring.  
According to the information received by the relief organization the French have sent word to Kemal Pasha, nationalist leader, that they have not forgotten this massacre and that if any further outrages are committed against Armenian, Christian or otherwise, in Urfa, the city will suffer.  
Relief officials are inclined to believe that the only solution of the present critical situation in Cilicia is a firmer French policy in holding the occupied areas.  
According to latest information received at relief headquarters conditions are chaotic throughout Cilicia. Where the nationalists are not fighting the French at Aintab, Adana and nearby cities, they are persecuting the Armenians. Eighteen Americans are cut off in Adana by the siege that nationalists have been conducting against the French garrison since June 28.  
To remove bilious impurities in the system and be made internally clean and healthy, you need the fine tonic and laxative properties of Herbine. It acts quickly and thoroughly. Price 60c. Sold by Hensler & Story.

**The Automobile.**  
In 1790 Nathan Read patented a primitive steam carriage, which in spite of drawbacks, actually worked. The greatest advance in steam vehicles was made by Walter Hancock, 1824-36. His greatest improvement was in the type of boiler. The first successful gasoline automobile was invented and patented by Haynes, following closely by Selden. From these two came the modern automobiles.

**Thought Man Was Crazy**  
"I have suffered from stomach and liver trouble for years; the last two years people have been calling me crazy. The doctors could not do anything for me. The awful bloating of gas seemed to press against my brain and I could not think clearly. Three months ago a friend advised taking Mayr's Wonderful Remedy and it has worked wonders in my case. All my bloating and suffering is gone and I feel as though newly born." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by druggists everywhere. (adv)

## An Opportunity To Brighten Up

Brightening up the home is one of the chief pleasures of the housewife. A bright, cheerful home makes for contentment and comfort.

## Ada To Take Part in Better Cities Contest

Dr. William A. McKeever of the University of Kansas will be in Ada Monday, October 25, to present to the citizens of this city the "Better Cities Movement." He is coming to Ada on invitation of the Lions Club, the Chamber of Commerce and the Ladies Auxiliary. He will be the guest of these organizations Monday noon at a luncheon. On Monday evening at the Methodist church Dr. McKeever will address a mass meeting of the people of this city on the "Better Cities Movement" at which time the plans of the contest will be perfected. The object of this movement is to make Ada a better city in which to live and to make Ada the best city of its size in the state in which to rear a family.  
The city of Shawnee is offering \$2,500 to the middle sized city in Oklahoma which by Thanksgiving 1921, will score highest. Ada will likely accept the challenge next Monday and give Shawnee a race for the money. The matter will be fully explained at the meeting Monday evening at the Methodist church.  
If you are interested in making Ada a better city in which to live and rear a family, don't fail to be present Monday evening. The address will begin promptly at 7:30 o'clock.

**Homes and Lots for Sale.**

It Does All We Claim  
or Costs You Nothing

## CHICAGO NEWSIE OUT FOR CONGRESS

By the Associated Press  
CHICAGO, Oct. 19.—"Politics is a kind of feed bag for men with fancy appetites."

That is the estimate of William Murphy, newsboy nominee for congressman at large from Illinois, who combines campaigning and selling newspapers on one of Chicago's busiest loop corners, beneath the roaring elevated lines. Mr. Murphy has sold newspapers at the corner of Madison and Wells streets for fifteen years.

"A lot of folks think it's a joke me running for congress," he observed, commenting on his race. "That's because there's a lot of bunk in the world and even good men have got to feeling that you measure a guy's intellect by the height of his stature and his integrity by the cost of his mahogany desk. Well, I don't work behind a roll-top desk and you don't notice any water cooler on this corner."

"I've stuck around these corners for fifteen years, and I've made money selling newspapers, buying and selling real estate, or anything that came along and was on the square. I've got enough money to take care of myself and family—my father, mother and two kids. Now, I'll tell you something. Politics is full of bunk. A lot of

guys put on a swell front and lay on a lot of fancy words and go to it. All they figure on is nailing a job where they can shoot off their mouths and collect regularly. Politics is a kind of feed bag for men with fancy appetites."

## LINCOLN STATUE IN LONDON TAKEN DOWN

LONDON, Oct. 19.—The St. Gaudens figure of Lincoln, which was recently dedicated with moving ceremonies in which the British premier and Elihu Root took part, already has been taken down.

To the surprise of the thousands

who have admired the great gaunt figure, the white pedestal supporting it has proved to be only of wood, though ornamented with stars and the relief lettering of Lincoln's full name.

The site of the statue, facing the west front on Westminster Abbey, is now surrounded by a high board fence, while the wooden pedestal is being replaced by the permanent stone one, which had not been been completed when the dedication took place. By the end of October, Lincoln will solidly dominate his choice section of Parliament Square.

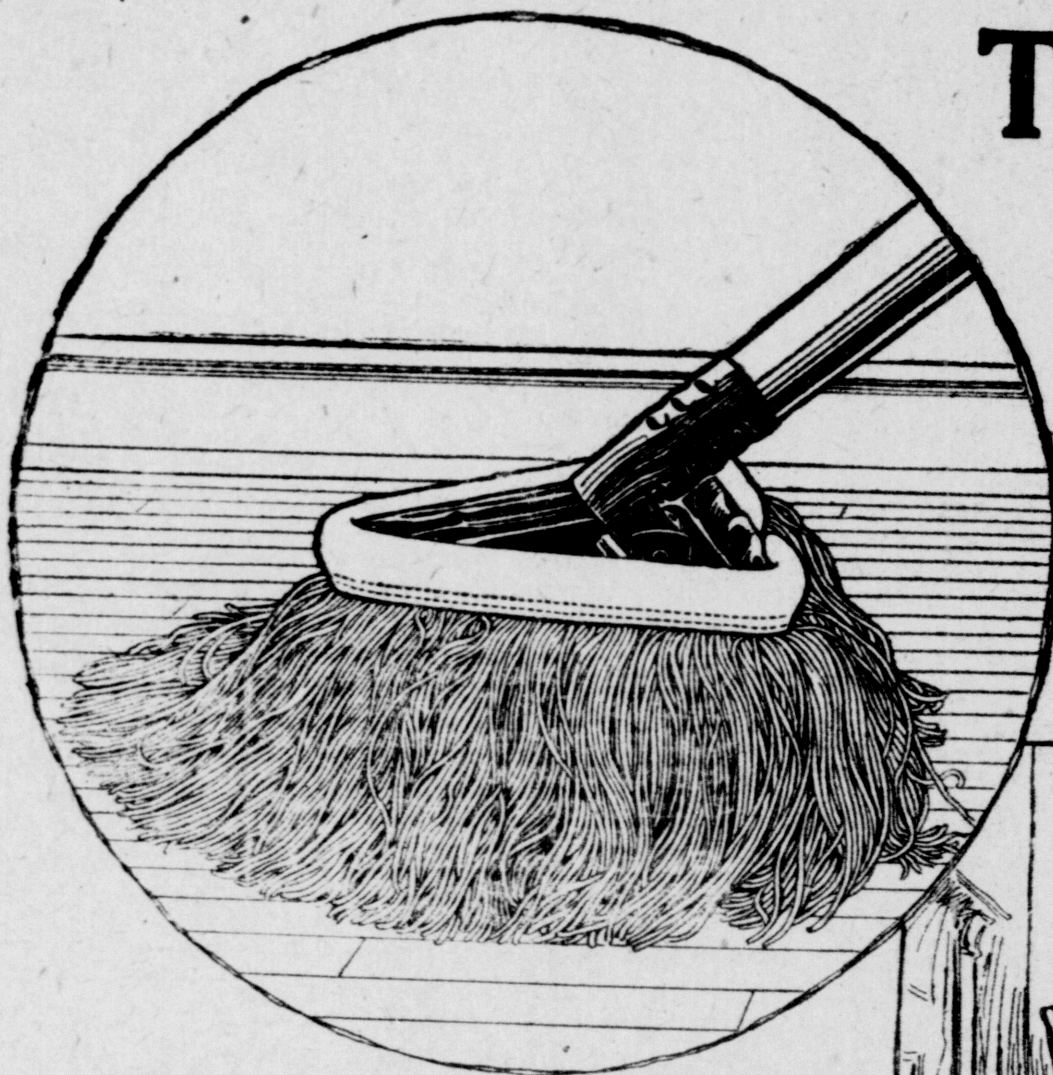

Bears are all born in the winter.

Quinine in this form does not affect the head—Cascara is best Tonic Laxative—No Opiate in Hill's.

**ALL DRUGGISTS SELL IT**

**B**UT a few days remain for you to buy an O-Cedar Mop at the old price.

Increasing manufacturing costs make the raise in price necessary if we are to continue to give you the biggest, most convenient—time, money and labor saving household utility.

The increase is only 25c—but 25c is worth saving.

Originally, (before the war), the price of the O-Cedar Polish Mop was \$1.50.

During the war, we used war materials—short length cotton—mill ends of drill—surplus steel for centers and by making the mop smaller we were able to keep the price down.

Now the sources of supply of most of these items are cut off. We must go back to before-the-war materials and pay today's prices for them. For instance cotton cord cost 14c to 16c per pound before the war. Today it costs us 58c. Handles that cost 4c in 1914 cost 12c today. Our labor costs have advanced 200%. And so on.

We will not make a mop that is not up to the O-Cedar standard. We can't continue the O-Cedar standard at present prices. So the advance of 25c is absolutely necessary for us to continue O-Cedar Mops as the millions of housewives want them.

The 25c advance in price is effective November 1st. Even if you do not need a new O-Cedar Mop just now it will pay you to buy one at your nearest store today.

**This Is Your Last Chance  
to get your  
O-Cedar Polish Mop  
at The Old Price  
Advance Prices Effective Nov. 1st**

Almost every woman in America knows the work—the time—and the money the O-Cedar Mop saves. And how much prettier, brighter and cleaner it makes the floors. They know it saves back-breaking stooping and bending. When you use an O-Cedar Mop your floors will be the envy of your neighbors.

### Easy and Simple to Clean and Renew

Second only to the wonderful utility of the O-Cedar Mop is its simplicity. No trick to learn to wash, clean or renew it. It can be washed and cleaned without bother and muss to take it apart, and fuss and work to put together. When an O-Cedar Mop needs renewing, simply wash it in boiling water, pour a little O-Cedar Polish in the can and let mop stand in it over night. The next morning it is practically as good as new.

Get an O-Cedar Mop today. Your dealer guarantees it to give perfect satisfaction or will return your money.

**Today's Prices: \$1.25, \$1.50, \$1.75**  
Prices November 1st.: \$1.50, \$1.75, \$2.00

## Prices Advance on November 1st.

Conditions beyond our control have forced us to add 25c. to the selling price of every O-Cedar Mop on November 1st. Save money by buying now.

## BUILD GARAGES BUT NOT HOUSES

Pittsburgh Building Permits Reveal Interesting Situation; High Wages Mean Autos.

PITTSBURGH.—Three garages to one dwelling is the proportion in which buildings are being erected in Pittsburgh, according to figures compiled by the bureau of building inspection covering the three important months of the building season—May, June and July.

High wages, permitting the purchase of automobiles by workers is given as the cause of the enormous increase in garage construction while the high cost of building is assigned as the reason why more people are not building their homes. Recent wage scales, signed by contractors and the building trades give carpenters \$1.20 an hour, bricklayers a substantial advance and hodcarriers \$1 an hour, while laborers on building construction are to get 80 cents an hour.

In spite of the demand for houses not a residence building permit has been issued in seven of the twenty-seven wards of the city for weeks.

To get rid of worms in children give them White's Cream Vermifuge. The little sufferer improves at once and soon becomes healthy, active and robust. Price 35c. Sold by Hensler & Story. adv

For Publication. "What about the salary?" asked the cinema star. "Well," replied the manager, after thinking a little, "suppose we call it \$5,000 a week." "All right," the actor replied. "Of course, you understand," the manager went on, "that the \$5,000 is what we call it. You will really get \$500 a week."—Houston Post.

## Ada Club Boy Is Attending Stock Fair at Atlanta

Five Oklahoma boys in Atlanta, Ga., this week attending the big national stock fair. These boys won a trip to this fair by being the five best judges of live stock in the boys clubs at the state fair. They will compete against boys from every state in union at Atlanta.

Ottis Floyd, son of the county superintendent, A. Floyd, is one of these boys, he being the first of the five. They will be in charge of Ward Chase from the Stillwater A. and M. college while there and will be given the chance of meeting and seeing boys from all over the United States. Ottis is a member of the Pontotoc county

# CHEER UP MABEL HERE FOR TODAY

A new era in the scheme of entertainment is the first real one night road show coming to the McSwain Theater. "Cheer Up Mabel" showed in the New Orpheum at Muskogee Sunday and today the management phoned Manager McSwain from there. "It's simply great."

A large crowd is expected to attend and the McSwain will be encouraged by the large attendance tonight and Ada can look forward to some real program throughout the winter season.

## ADA PIONEER LAID TO REST

(Continued from page 1.)

There he was identified as a town-builder and publisher for years before coming to Shawnee, being the founder of the Ada Evening News.

"Colonel Weaver took a lively interest in politics and other public affairs. Among the positions of honor he has occupied, he has been president of the state press association, member of the democratic state central committee and commander of the Oklahoma division, Sons of Confederate Veterans."

Is Widely Acquainted.  
"Otis B. Weaver has acquired a wide acquaintance in Oklahoma, and his untimely passing will be mourned by a host of friends throughout the state."

"Both of Colonel Weaver's parents, Mr. and Mrs. H. H. Weaver, survive him, living in the old home town in Texas."

Several brothers also survive him.  
As a tribute of respect, a committee representing the Bar association of Pontotoc county have submitted the following resolutions in honor of Colonel Weaver's memory:

**Resolutions.**  
We, the committee appointed to draft resolutions upon the death of our former citizen and townsman, Otis B. Weaver, respectfully present:

That in the death of Mr. Weaver the Bar of Pontotoc county has lost a devoted and faithful friend, one who was ever alert to serve the Bar and the Court in every way in his power. Mr. Weaver was untiring in his efforts for the upbuilding of the city and county in which he lived; a man of public spirit who in his profession as a newspaper man seized every opportunity to advance the interests of his city, town, county and state.  
Mr. Weaver came to Ada when it

Allen Holubar many have the honor of "bossing" his pretty wife about when they are at the studio and she is Dorothy Phillips, the pretty star of the Allen Holubar Productions, and he is her director husband, but at home it is a different story. Then Miss Phillips becomes Mrs. Holubar and she plays the part of director while her husband plays the part of an all-star cast in all kinds of domestic duties.

"Turn about is fair play," is what Miss Phillips thinks about it. The photograph shows Miss Phillips telling her husband to get busy with the lawnmower and "shave" the lawn because when he finishes that there are weeds to be pulled, porches to be swept, windows to be washed, potatoes to be peeled, ashes to be dumped, gardens to be sprinkled and a few other minor jobs to attend to.

Allen is saying, Not so fast, my dear. Let's do the last ten scenes tomorrow."

was a very small town, and no one man has contributed more to the upbuilding and the advancement of his home city. He was ever pleasant, congenial and a loyal and untiring friend.

The Bar and Court offers this resolution as a slight tribute of respect and kindly feeling toward Mr. Weaver.

We, your committee, respectfully move that a copy of this resolution be spread upon the records of this court as a tribute of respect.

U. G. WINN,  
I. M. KING,

**Colleen Moore With Vidor.**  
Colleen Moore has been loaned by Marshall Neilan, with whom she recently signed a term contract to play the leading feminine role in King Vidor's current production of Ralph Connor's "The Sky Pilot."

### Jack Pickford Has Lead in Ade Story

The screen version of George Ade's stage comedy, "Just Out of College," which will be Jack Pickford's next starring vehicle, and which is now nearing completion, gives the star an ideal role, suited to his personality, and also furnishes an engaging role for Goldwyn's new leading woman, Molly Malone, who appeared in two recent Goldwyn releases, "It's a Great Life," from Mary Roberts Rinehart's story of boys' "prep" school days, "The Empire Builders," and in support of Tom Moore in "Stop Thief."

### A Good Actor.

"I see you have an actor employed on the farm."  
"Yes, and he's a mighty good actor, too. Why, I thought he was workin' the first week he was here."—Boston Transcript.

### Fertile.

"Yes, sir, we got two ice crops last winter."  
"That so? What kind of water did you plant?"—Boston Transcript.

# "Prices are Lower"

YOU'VE seen this in the newspapers lately; but you haven't

been impressed with lower prices in the stores. Prices are not as much lower as some of the papers would indicate but they ought to be lower and we are reducing our prices all through the store. Where the market has declined, we have made our prices on the new basis, no matter what the goods cost us. On goods that have not declined we are making less than normal profits. We are selling good goods on a lower margin of profit than we have ever done before. We'll have to take a reduction in profit, but we're going to treat our customers square no matter what it costs us.

## JUST NOW WE ARE OFFERING UNUSUAL VALUES IN:
